

Personality + Career

You will be a good fit for our Human Services program if you are interested in human behavior and want to help people overcome social barriers to improve their quality of life, and you are a good listener who is open-minded and accepting of others' differences.

Program	What do students learn in the program?	What you'll earn!	Career Opportunities	Certificate Preparation	Required Tools, Supplies, and Uniforms
Human Services (Associate of Applied Science)	Students learn active listening, communication and critical thinking skills needed to be successful in the helping professions. Group theories, processes and facilitation are taught. Students will also gain awareness of various cultures and minority groups and learn effective and ethical case management and documentation processes.	\$17.60 hourly; \$36,608 per year	<ul style="list-style-type: none"> Behavioral Technician Case Manager Child Advocate Client Care Coordinator Community Support Professional Family Support Specialist Reentry Specialist Youth Specialist Therapeutic Mentor 	N/A	Students must complete a Criminal Background check, CPR certification, 2-Step Tuberculosis test, and an immunization record.
Alcohol & Drug Counseling (Certificate)	This certificate is for students who have already earned an associates degree or higher or who seek to earn their Alcohol & Drug Counseling License. Students will study the physiological, psychological, and sociological aspects of alcohol and drug use and dependence, including drug classification, the effects of drugs, and withdrawal covering signs, symptoms, and behavior patterns as well as treatment issues related to dependency. Students learn the listening, communication, and counseling skills needed to support others.	\$13.25 hourly; \$27,560 per year	Licensed Alcohol and Drug Counselor	This Certificate program prepares students to take the state exam and become provisionally licensed as a Alcohol and Drug Counselor.	Students must complete a Criminal Background check, CPR certification, 2-Step Tuberculosis test, and an immunization record.
Peer Support (Certificate)	This program supports the development of relationship-building skills and recovery support that benefits anyone on their personal recovery journey from mental health and substance use disorders. It is for those with lived experience, or who have a family member with lived experience. The program teaches the 13 domains of the Peer Support level of care.	\$14.60 hourly; \$30,368 per year	Certified Peer Support Specialist working in Mental Health or Addiction Treatment Centers	This program is approved curriculum of the State of Nebraska, and prepares students to take the state exam to earn certification as a Certified Peer Support Specialist	Students must complete a Criminal Background check, CPR certification, 2-Step Tuberculosis test, and an immunization record.

Human Services Programs

- Alcohol & Drug Counseling

- Human Services
- Peer Support

Human services professionals are the helpers and change agents who help people struggling with social barriers like poverty, abuse, mental health challenges, oppression and addiction. Our Human Services program offers a generalist degree which allows you to focus your career on any population from children to elders, and allows graduates to work in a variety of positions.

This program is accredited by the Council for Standards in Human Service Education, 3337 Duke Street, Alexandria, VA 22314, cshse.org.

The SCC Experience

- » SCC Human Services programs are flexible to meet your needs! Classes are offered in person and online, and students can attend full time or part time. The flexibility helps students meet their goals!
- » In addition to the Associate of Applied Science degree, students can complete coursework to earn their Alcohol & Drug Counseling Certificate. This is a great option for students that have already earned an associates degree or higher to advance their career!
- » The Peer Support Certificate is for those who have personal experience, or who has a family member with successful recovery from mental health or substance abuse challenges, and would like to support others as they work on their recovery journey.
- » Associate of Applied Science students complete four different practicum experiences throughout the program, giving them exposure to diverse populations and work settings. This experience is unmatched and prepares students to enter the workforce!
- » The program is hands-on as students learn and practice their communication skills through role-playing, case studies, and engaged learning practices. Students get first hand experience supporting others!
