

Personality + Career

You will succeed as a physical therapist assistant if you are interested in a career where you will be active and knowledgeable about the human body and how it can heal through movement. This hands-on career involves problem-solving, empathy, and working one-on-one with all types of patients to improve their function and their lives.

Program	What do students learn in the program?	What you'll earn!	Career Opportunities	Certificate Preparation	Required Tools, Supplies, and Uniforms
Physical Therapist Assistant	Students will study kinesiology to learn about normal movement of the body in daily activities and how injury or disease can affect movement and function. Hands-on learning for physical therapy interventions includes therapeutic exercise, cardiopulmonary interventions, neurological rehabilitation techniques, gait training with assistive devices, manual therapy techniques, and the role of physical agents in promoting pain relief and tissue healing.	\$22.40 hourly; \$46,592 annually	Physical Therapist Assistant	Upon graduation, students are eligible to take the National Physical Therapy Examination (NPTE) for Physical Therapist Assistants. After passing, graduates will either become certified or licensed in the state where they are practicing.	PTA Student Uniform (polo shirt); name tag, goniometer, gait belt. More information will be shared at program orientation.

The SCC Experience

- » Our hands-on program will teach you how the body moves and functions in everyday activities through the interaction of the musculoskeletal, cardiopulmonary, and nervous systems.
- » SCC Physical Therapist Assistant students learn in modern, open lab spaces with the latest in equipment and technology in the state-of-the-art Health Sciences Building.
- » Students in the Physical Therapist Assistant program are involved! They have the opportunity to join the SCC Student PTA Association to promote the profession and volunteer. Students also have the option to join the American Physical Therapy Association (APTA) and attend conferences, both locally and nationally. Both experiences provide students exposure to valuable educational and networking experiences!

Program	In what term do students start clinicals?	Where do students participate in clinicals?	In general, what time of day and days of the week can students expect to attend clinical?	Will the program help student secure their sites? Do students need to contact clinical sites prior to acceptance/placement?	How many clinical hours do students complete in the program?
Physical Therapist Assistant	End of the Spring Semester (2nd semester in the program.)	All PTA students will participate in at least one rural clinical site and one inpatient clinical site. Various sites include: outpatient, skilled nursing facility, home health care, acute care/hospital, pediatrics.	Students attend clinical full-time, usually, Monday - Friday, 8 a.m. - 5 p.m., dependent on the site and clinical instructor's schedules. Some clinicals may be scheduled later afternoon/evening depending on the facility.	The clinical coordinator will place students in clinical sites based on required hours, specialties, rotations, and availability. Students should not contact potential clinical sites.	15 total weeks in clinical education for 600 hours.
