SOFTWARE APPLICATIONS

Introduction to InDesign CC

! Prerequisite: Windows Operating System experience and knowledge of Adobe CC software

Learn the fundamentals of InDesign. In this hands-on class you will learn core features and start to create your own projects. This class is for the beginner or anyone looking to brush up on their skills.

(0.7 CEUs) While taught in a Windows environment, skills are easily transferable to Mac. **Keyword: InDesign**

Feb. 28 Lincoln, CEC, 212	S Beck	8:30 a.m.-4:30 p.m. GDMA-7712-CESA	\$189
April 18 Lincoln, CEC, 212	S Beck	8:30 a.m.-4:30 p.m. GDMA-7712-CESB	\$189

Introduction to Photoshop CC

! Prerequisite: Experience navigating in Mac or PC environment

Start your photographic design journey today in this hands-on workshop. Adobe Photoshop is the top choice for professionals to create powerful images. This class is great for the beginner or anyone looking to brush up on their skills.

(0.7 CEUs) While taught in a Windows environment, the skills learned in this class are easily transferred to a Macintosh environment. Lunch is on your own. **Keyword: Photoshop**

Jan. 31 Lincoln, CEC, 212	S Beck	8:30 a.m.-4:30 p.m. GDMA-3621-CESA	\$189
May 2 Lincoln, CEC, 212	S Beck	8:30 a.m.-4:30 p.m. GDMA-3621-CESB	\$189

Introduction to Adobe Lightroom

! Prerequisite: Introduction to Photoshop CC (GDMA-3621) or equivalent experience

Adobe Lightroom will help you take your photography to the next level.

(0.7 CEUs) **Keyword: Adobe**

Feb. 7 Lincoln, CEC, 212	S Beck	8:30 a.m.-4:30 p.m. GDMA-7709-CESA	\$189
May 9 Lincoln, CEC, 212	S Beck	8:30 a.m.-4:30 p.m. GDMA-7709-CEUA	\$189

Intro to Python

Learners with no prior experience in coding will learn the introductory concepts of Python by creating a series of programs. You will follow guided steps to construct the fundamental coding elements of variables, conditionals, loops, and functions. You will identify proper syntax, learn to document program flow using flowcharts and pseudocode, and will use basic debugging techniques. At the conclusion of the course, you will use what you have practiced in class to construct a short original program.

(1.0 CEU) **Keyword: Python**

Adobe Creative Cloud Training Opportunities

Want to bring the latest updates to Photoshop, InDesign or Illustrator to your workplace? Contact us to learn more about customized training opportunities either at your location or at the Jack J. Huck Continuing Education Center in Lincoln.

Contact Workforce Solutions at training@southeast.edu.

Intro to Microsoft Power Automate & Power Automate Desktop

This course provides an introduction to Power Automate and Power Automate Desktop, offering participants the ability to streamline repetitive tasks with little or no programming experience. Students will learn to build automated workflows and exercise light computational logic in a user-friendly environment. This program enables non-coders to create customized solutions to enhance efficiency, optimize processes and increase productivity through automation.

(0.4 CEUs) Dates available. Contact lives@southeast.edu to set up a class for your team today!

Power BI

This course will introduce Power BI to users who are comfortable with Excel and wish to begin using the Microsoft Power Platform to make the most of their data. You will discuss basics of data management, explore the Power BI environment, create connections to data sources in Power BI, create and manipulate reports in Power BI, and share reports and dashboards in the Power BI service.

(0.4 CEUs) Dates available. Contact lives@southeast.edu to set up a class for your team today!

Basic Data Management with Power Pivot, Power Query & Power BI

Learn to locate, import, and transform data sets with Power Query, create and manage data models for generating reports with Power Pivot, and interpret and share data reports and dashboards in Power BI. Begin practicing the basics of data management with this introductory course to get more out of your business data.

Dates available. Contact lives@southeast.edu to set up a class for your team today!

! Required book is available at the SCC Campus Store, 8800 O St., Lincoln, or at sccbookstore.com.

Microsoft Teams

This course is designed to help you master Microsoft® Teams®, the key communications tool in the suite of Microsoft® 365® productivity apps. Microsoft Teams enables individuals and organizations to chat, share ideas, collaborate on files, and essentially work together. You can use Teams to have a quick chat with a colleague, participate in a virtual meeting, make an online call, and share files and resources.

(0.4 CEUs) Dates available. Contact lives@southeast.edu to set up a class for your team today!

Excel 2021: Basic

! Prerequisite: Basic Computer Class or equivalent experience

After an introduction to spreadsheet terminology and Excel's window components, you will learn how to use the Help system, navigate worksheets and workbooks, enter and edit text, values, formulas, and pictures, and save workbooks in various formats and much more.

(0.7 CEUs) To request the class in York, contact Diane Houdek at dhoudek@southeast.edu. To request the class in Falls City, contact Cliff Stukenholtz at cstukenholtz@southeast.edu.

QuickBooks Online User Certification Preparation

! Prerequisite: Computer with internet browser access
This hands-on course is designed for the student looking to significantly increase their understanding of QuickBooks Online and prepare for the QuickBooks Certified User exam. Information learned in this course is valuable for employees, company owners, accountants and others who desire to use QuickBooks Online for their organizational accounting needs.

Please note, while a practice certification exam is included as a part of this course, the actual certification exam is not included in this course. A one-year free trial of QuickBooks Online also is included with this course.

Dates available. Contact lives@southeast.edu to set up a class for your team today!

Intuit Certified Bookkeeping Professional Preparation

! Prerequisite: Computer with internet browser access
This course is designed for the student who desires to gain an in-depth understanding of introductory accounting concepts and how to complete key financial statements. Starting with the basic foundations of accounting, we will explore the purpose and process of accounting for business transactions and how these result in the preparation of financial statements. Concepts including internal controls, bank reconciliations, payroll taxes and depreciation also are covered.

Please note, while a practice certification exam is included as a part of this course, the actual certification exam is not included in this course.

Dates available. Contact lives@southeast.edu to set up a class for your team today!

Using Xero Accounting Software

! Prerequisite: Microsoft Windows and internet browser experience

Learn how to use the basic features and functions of Xero Accounting Software from a CPA and Xero Certified Advisor. During this hands-on course you will be introduced to many functions of Xero and how best to utilize this cloud-based accounting platform for your business. Topics covered will include company creation and setup, managing customers and invoicing (including receipt of payments), managing vendors and payment of bills, working with and reconciling bank and credit card accounts, management of user preferences, basic inventory setup, and a review basic financial and other system reports.

This course does not configure or customize the software specific to your organization. However, bring your questions and we will address as many as we can! **Keyword: Accounting**

HEALTH CARE

CPR | FIRST AID

The American Heart Association strongly promotes knowledge and proficiency in all AHA courses and has developed instructional materials for this purpose. Use of these materials in an education course does not represent course sponsorship by the AHA. Any fees charged for such a course, except a portion of the fees needed for AHA course material, do not represent income to the AHA.

Our CPR courses are offered in **Face-to-Face (F2F)** and **Hybrid (HB)** formats for learning flexibility.

For Hybrid Courses

- When registering, include your email address.
- Approximately one week prior to your skills session class, you will receive an email with the AHA access key to complete the online learning.
- Once you've completed the online portion, print the Online Course Completion Certificate. **You must have this certificate with you for admission into the face-to-face skills session.**

NOTE:

You are required to attend the entire class you have enrolled in to receive a card. If you miss or do not successfully complete any part of your class, you must register and pay for another class. We require 24 hours' notice before the first day of class to drop or change any CPR or First Aid class.

HB | CPR - HeartCode® Basic Life Support Online + Skills Session (for Health Care Professionals)

This course is for health care providers such as nurses, EMTs, or doctors, as well as lifeguards. **Keyword: CPR**

Breastfeeding Education for Providers: Creating a Network of Support for Families

This interactive continuing education course provides a broad overview of the historical and cultural aspects of infant feeding while examining best clinical breastfeeding practices. The content focuses on breastfeeding from psychosocial and scientific perspectives.

This course is pertinent for anyone who works with young families. It is accepted for CLC and IBCLC recertification, as well as lactation education for IBCLC candidates. A 20-contact-hour certificate of completion will be awarded to students who fully participate in the 15 live online hours and complete five self-study hours. Certificates will not be awarded for partial completion. The live online sessions are presented in five three-hour sessions. You will need access to a computer with audio, video and the capacity to view a PowerPoint presentation. Your camera must be on during each live online session to show you are in attendance. You will receive the Zoom link the week prior to class start.

Instructor: Ann Seacrest, BSN, RN, IBCLC, brings more than 35 years of experience as a clinical IBCLC, hospital-based postpartum and lactation nurse, certified ASP childbirth educator, certified DONA doula and DONA doula teacher. She is a co-founder and past executive director of MilkWorks.

Tuition assistance may be available. Contact annseacrest@ars-health.com for more information.

HEALTH CARE PROVIDERS CEUS

F2F | Trauma Nursing Core Course

Do you work in an emergency care setting? Is your main role dealing with the care of trauma patients? This is the course for you! The Trauma Nursing Core Course is developed by the Emergency Nurses Association and is designed for registered nurses who have at least six months of clinical nursing experience in an emergency care setting. This course consists of a combination of lecture and skills stations to increase knowledge, refine skills and build a firm foundation in trauma nursing.

Successful completion of the course requires 80% or greater on the multiple-choice exam and 70% or greater on the skill station evaluation. RN candidates with successful completion will receive the ENA TNCC four-year provider verification card. All attendees will be awarded an 19.5 contact-hour certificate for course completion. The Emergency Nurses Association is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. No refunds after March 8. The textbook or virtual book will be mailed/available online the week of March 8 so you have time to review/study before attending. Lunch is on your own. **Keyword: Trauma**

April 14 & April 15 Lincoln, CEC, 110	T W DeWitt	8 a.m.-3:30 p.m. 8 a.m.-2:30 p.m.	\$339
		Registration Deadline: Sept. 24	NURS-3238-CESA

F2F | Nurse's Day Out

Six contact hours. Two great topics. One phenomenal speaker! Join us for a day celebrating nurses with guest speaker Barb Bancroft.

You will learn that "Lab Tests Can Be Fun!" Barb will discuss tests, physiology, pathophysiology, and interpretation as related to the patient's clinical condition. She will also cover the health benefits of various fluids and vitamins, provide current information on cancer risks and screening, outline the pros and cons of the newest weight-loss drugs, and share unique ways to "unstress" for success with "To Your Health!"

Registration includes morning refreshments, lunch and lots of laughs. Sign-in begins at 8 a.m. This nursing continuing professional development activity was approved by the Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. **Keyword: Trauma**

Protecting Your License Through Patient Advocacy

This course on protecting your license through patient advocacy is designed to empower nurses to improve patient safety. The course content consists of lawsuit basics, legal risks, documentation standards and case studies, and how to engage in difficult conversations.

Learners will self-report an increase in:

- Knowledge about legal guidelines for nursing documentation.
- Confidence regarding required nursing documentation.
- Knowledge about measures to reduce legal risks in nursing practice.
- Confidence regarding difficult conversations including nurse re-education.
- Knowledge about the mandatory reporting requirements licensure disciplinary process.

5.0 contact hours awarded to nurses. For other health care professionals, check with your licensing agencies to verify that this course will count as continuing education in your field. In order to obtain nursing contact hours, you must participate in the entire program, participate in audience polling and/or Q & A and complete evaluation. Instructions for accessing course will be emailed to registrants.

This nursing continuing professional development activity was approved by Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. **Keyword: License**

TRADES & INDUSTRY

ELECTROMECHANICAL, AUTOMATION & ROBOTICS

Electrical Foundations Series

These three classes are taught from a maintenance and troubleshooting perspective, specifically for people who work in areas of industrial maintenance.

With more than 50% of class time spent on hands-on exercises with custom-built electrical trainers, individuals will learn background theory to help solve problems and issues found in industrial settings.

Taken together, these courses give participants well-rounded knowledge and skills in electrical maintenance.

Electrical Fundamentals

This class is the first in the Electrical Foundations Series. You'll build a solid understanding of electrical principles, including circuits, voltage, current, resistance and basic electrical components.

Advanced Rockwell RS5000 PLC

Recommended Prerequisites: Introduction to PLCs (ELEC-6078), Basic Rockwell RS500 PLC (ELEC-6078) and Basic Rockwell RS5000 PLC (ELEC-6080) or equivalent

This advanced course builds on the Basic RS5000 class, with a focus on programming, troubleshooting and optimizing complex control systems using Rockwell Automation's RSLogix 5000 software and ControlLogix PLCs. Topics include advanced features such as communication networks, motion control and process automation.

(2.4 CEUs) **Keyword: PLC**

Industrial Instrumentation & Control

This course offers a practical introduction to industrial sensors and control systems. You will learn the operation and application of photoelectric, inductive, capacitive, and temperature sensors, as well as encoders for position and speed measurement. Emphasis is placed on integrating sensors with Programmable Logic Controllers, including selection, setup and troubleshooting. Hands-on labs and demonstrations provide the skills needed to support automation and process control systems in industrial settings.

(2.4 CEUs) Training includes lecture and hands-on usage of actual devices such as photo-electric, inductive, capacitive, and temperature sensors. Interface to PLCs and control techniques will be covered using simulation trainer consoles. Such sensors are keys to green building automation.

Industrial Communications & Networking

This introductory class provides a practical foundation in industrial networking technologies and equipment. You'll explore the roles of wiring, switches, routers and firewalls in building and securing industrial networks. The course also covers IP addressing, basic network configuration and troubleshooting using diagnostic tools. Through hands-on exercises and real-world examples, you'll gain the skills needed to support and maintain reliable communication systems in industrial environments.

(2.4 CEUs) **Keyword: Industrial**

INDUSTRY CREDENTIALING

FOOD INDUSTRY

Food Protection Manager Online Class

This class is accepted by the Lincoln-Lancaster County Health Department for the sanitation training needed to obtain a Food Protection Manager permit.

The course is delivered entirely online and facilitated by SCC faculty. You will receive your assignments online through Canvas. Upon completion of each reading assignment, you will complete an online quiz. A minimum of 80% is required on each quiz to for you to qualify to take the final exam (ServSafe exam). The ServSafe exam is administered online at SCC locations in Lincoln, Beatrice, Falls City, Hebron, Nebraska City, and York.

You will need a computer (PC or laptop) with high-speed internet access (smartphones and tablets do not work) as well as working knowledge of computer and internet experience. The course textbook is available at the SCC Campus Store, 8800 O St., Lincoln, or at sccbookstore.com. Make sure to purchase the accompanying online exam access code. Please note, it may take up to 24 hours to gain access to the course once you're registered. **Keyword: Protection**

STRONG LEADERS. STRONG ORGANIZATIONS.

In today's fast-paced and ever-evolving business landscape, strong leadership isn't a luxury—it's a necessity. Yet, many organizations struggle with a lack of effective leaders, and the consequences can be far-reaching.

The Challenge:

Without strong leaders, organizations face:

- Disengaged teams
- Frequent employee exits
- Missed opportunities
- Communication breakdowns
- Lack of innovation

The Solution:

Leadership Training and Development.

Investing in leadership development builds confident, capable leaders who drive results.

Our programs include:

- Leadership and Supervision
- Communication and Team Dynamics
- Projects and Process Management
- Professional Growth and Workplace Culture

Need it tailored? We customize content to fit your goals, culture, and challenges—delivering impact where it matters most.

The Results:

Organizations that prioritize leadership development see:

- Higher engagement and retention
- Better performance
- Stronger culture
- Greater adaptability

Don't let leadership gaps hold you back. Let's build your leadership pipeline—together.

Multidimensional Office Professional Conference

Wednesday, March 25
8:15 a.m.-4:15 p.m.
\$79
Lincoln, CEC
BSAD-8000-CESA

Join us for a transformative day of learning, networking and empowerment at the 3rd Annual Office Professional Conference. This year's theme, "Unlocking Potential. Inspiring Success.," celebrates the vital role office professionals play in driving organizational excellence.

Elevate your business with the Six Sigma problem-solving process and experience streamlined operations, reduced costs and enhanced customer satisfaction. Whether you are new to the Six Sigma problem-solving process or seeking to advance your skills, we provide various levels to help you achieve excellence. Select the level that best suits your needs.

HUMAN RESOURCES

Human Resources aPHR® Certification Prep

Are you ready to take the first step toward a successful career in Human Resources? This course is designed to help you ace the exam and stand out in the competitive HR field.

Instructor
Spotlight

Dr. Tammy Madsen

With a passion for education, I have more than 15 years of experience teaching adult learners at colleges and universities, facilitating professional development workshops and coaching individuals in career exploration and pathfinding.

Why Choose Our Course?

- Expert Instructor: Learn from a seasoned HR professional who brings real-world experience and insights.
- Comprehensive Curriculum: Cover all exam topics thoroughly, including HR operations, recruitment, compensation, and more.
- Course book and aPHR exam fee and application included in the cost.
- Flexible Learning: Access our course materials anytime, anywhere and study at your own pace.
- Practice Exams: Test your knowledge with practice exams that mimic the real test environment.
- Supportive Community: Join a network of fellow learners and get support from our dedicated team.

What You'll Gain:

- Confidence: Feel prepared and confident on exam day with our targeted study materials.
- Career Advancement: Enhance your resume and open doors to new career opportunities in HR.
- Knowledge: Gain a deep understanding of HR principles and best practices.

ENTREPRENEURSHIP CENTER & FOCUS SUITES

SCC's Focus Suites provide a professional and comfortable place to run an actual business. Business owners in the Focus Suites community are passionate about their work. Some are just starting their entrepreneurial journey, while others have celebrated many milestones.

Services

- Focus Suites Memberships (with and without office rental space)
- Focus Coaching
- Perk Up Thursday Weekly Coffee, Do Business for Real Book Club and Networking

Focus Suites

Building a business requires drive and focus. In a culture that celebrates the process, business owners can avoid getting overwhelmed and face change alongside others who have similar challenges.

- Individual office suites with 24/7 access (or virtual membership if office space is not needed)
- Supportive, collaborative community culture
- Flexible leases and affordable rental rates
- Free parking and high-speed internet
- Shared Collaboration Room

For more information on the Focus Suites opportunities, visit

or call us at 402-323-3629.
Follow the Focus Suites on Facebook® (SCC.Eship).

Focus Coaching

Focus Coaching is a customizable coaching experience designed to help entrepreneurs identify their strengths and vulnerabilities.

Participants are introduced to tools for informed decision making. The first session is free so we can learn about your unique business situation, determine if Focus Coaching is a fit, or if there is another resource we can recommend.

This is a low-commitment and casual book club, and you don't have to read the chapters to attend our meetings. Come when you can, leave when you need to and read what you want.

Attend Tuesdays at noon in person or via Zoom and feel free to bring your lunch!

For book information, Zoom access and additional resources, check out our: Do Business For Real Book Club Facebook group: facebook.com/groups/dobusinessforrealbookclub

Email Brooke at blenhoff@southeast.edu for Zoom access to Book Club, to be added to our mailing list or to schedule a free consultation.

CUSTOMIZED TRAINING

We are problem solvers. We listen and ask the right questions to make sure we understand your business and workforce needs. We believe in collaboration and designing solutions for long-term success. With our tailored approach, you can hold training sessions where it works best for you and your team, whether you prefer in-person training at your office, on-site at one of our locations or through virtual training sessions.

Our Process

1

Discover

What does success look like for you? We will conduct a thorough needs analysis to identify key learning and business outcomes.

2

Design

Together we will design a plan based on your organization's needs, goals, budget, and best-practices. We will select an instructor with the content expertise and teaching style that fits your organization.

3

Customize

Customized content is designed to fit your needs. Considerations include your employees' learning styles and knowledge levels, as well as your company's culture.

4

Deliver

Your employees can expect a training experience that combines industry expertise with valuable insights led by our knowledgeable and dynamic instructors.

5

Evaluate

How do you measure success? Together we will devise evaluation metrics and practices that you can put into place to help reinforce the concepts learned and help your organization measure the effectiveness of the training.

WORKFORCE SOLUTIONS

Meeting your learning and development needs with flexible training options.

Open to the Public

Courses found in this schedule

Key Features:

- » Southeast Community College organizes classes at predetermined dates and times.
- » These sessions are planned in six-month cycles and take place at designated SCC venues.
- » The tuition fees are determined on a per-participant basis.

Open-to-Public is ideal for:

- » Individuals seeking educational growth.
- » Companies looking to provide team members with opportunities for skill enhancement.

The In-Between

Courses that can be scheduled to accommodate your calendar

Key Features:

- » Company selects course from our available class library.
- » Company works with Southeast Community College to find the perfect class date(s) and time(s).
- » Company determines the training location.

The In-Between is ideal for:

- » Companies who need a flexible option to schedule training classes that work with their schedule.
- » Companies looking to train a small group of employees at one time.

Customized Training

Courses that are customized to meet your specific needs

Key Features:

- » Company identifies the training need.
- » Company and Southeast Community College work together to find the right training solution to meet their needs.
- » Company works with Southeast Community College to find the perfect training date(s) and time(s).
- » Company determines the training location.
- » Customized course content specifically aligned with and targets the learning objectives identified by the company.
- » Company and Southeast Community College work together to develop training that works within company budget.

Customized Training is ideal for:

- » Companies looking to shape the content of the training to align with company mission, vision and goals.
- » Companies who want to train a group of employees at one time.

This scholarship is for Nebraska City residents only and applies to selected courses.

Funds are being provided by the
Nebraska City Community
Foundation Fund

Continuing Education Scholarships for Non-credit Students

Thanks to the generosity of private donors and Continuing Education staff, a limited number of scholarships are available. Apply if you need financial assistance for a non-credit course or workshop.

Scholarship Awards

If approved and funds are available, the CE Scholarship covers 75% of tuition, up to \$100. Fees, taxes and supplies are not included. CE scholarships are one-time awards designed to help students take the next step in pursuing their personal or educational goals.

To apply for a CE scholarship, call 402-437-2700 or email continuinged@southeast.edu to request application information.

More Information

Make a Lasting Impact: Support Continuing Education Scholarships

We invite you to make a lasting impact by supporting our Continuing Education Scholarship, a program designed to help individuals pursue their dreams through education. With your contribution, you can play a key role in providing opportunities for those eager to advance their careers, acquire new skills or transition into a new field.

Thank you for considering this opportunity to make a difference. Together, we can help ensure that no one is held back from achieving their career aspirations due to financial limitations.

For information on how you can contribute to the CE Scholarship, contact the SCC Foundation at 402-323-3411.
