This publication is intended to provide a general description of campus security arrangements, and not to serve as a contractual agreement between SCC and the recipient. Security procedures are subject to change without notice.

SCC ANNUAL SAFETY, SECURITY AND CRIME/FIRE STATISTICS

Dear students, employees and visitors,

Southeast Community College serves 15 counties in southeast Nebraska, although our students come from homes throughout the country and the world. Our state is a safe place to live, attend college and work, and we will make every effort to maintain that record in the future. However, even in southeast Nebraska, we must implement preventive measures and precautions to ensure the safety of our students and employees.

The crime rates at SCC locations are very low, but one person who experiences a crime against property or person is one too many. We address safety and security at our locations through prevention, in the hope that we can protect students, employees and visitors from any crime BEFORE it happens. Students, employees and visitors also are encouraged, however, to be responsible for their own security and the security of others.

Please read this publication carefully. It includes campus crime statistics and preventive measures instituted by the College, along with College policies regarding drug and alcohol use and weapons possession. If you have questions about this information, please contact the Assistant Campus Director/Dean of Students at the Beatrice, Lincoln or Milford locations. I would also welcome the opportunity to meet with any student, employee, parent, guardian, or visitor who wishes to discuss any safety or security issues with me.

Working together, SCC will continue to be a great, and safe, place to work and learn.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul Illich". The signature is fluid and cursive.

Chapter 1

Annual Security Report

Introduction

Southeast Community College (SCC) is a publicly-funded, multi-campus system of higher education with primary campuses in Beatrice, Lincoln and Milford. SCC has approximately 750 full-time employees and serves more than 33,000 credit and non-credit students annually throughout its 15-county service area. SCC's campuses have experienced a very low crime rate; however, the College recognizes the potential for escalating crime and strives to ensure the safety of lives and the security of property. Everyone at a SCC Campus or Learning Center is subject to the laws established by governmental agencies and rules established by the College.

The College's 2020-2024 Strategic Plan incorporates SCC's commitment to improving readiness for emergencies at all College locations. The safety and security policies established for SCC and described in this report, apply to all of its campuses and learning locations.

Report Purpose

The annual security report provides statistics of all reported crimes that occurred at each campus, in certain off-campus buildings, property owned or controlled by Southeast Community College, and public property within or immediately adjacent to all of its campuses. The report also provides fire statistics for fires occurring in residential housing. These reports are provided as required by the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act, ([20 U.S.C., §1092](#)) and the Higher Education Opportunity Act (HEOA) ([20 U.S.C. §1011j](#)).¹

Prepared for SCC by the Office of Access, Equity and Diversity, a paper copy may be obtained from the Assistant Campus Director/Dean of Students at any of SCC's campuses.²

This report is posted to the SCC website at [Student Affairs/Safety, Security](#). All SCC employees, enrolled students, prospective students and prospective employees are notified the report is available; the report URL is also included in the notice.

¹ Institutions of higher education are required to publish an annual report by October 1, containing three years of campus crime statistics. These statistics are prepared by collecting crime data from SCC Security records and incident reports. Information on crime statistics for specified geographic locations is also collected from other local law enforcement agencies.

² Crime statistics for SCC locations, local jurisdictions and other institutions nationwide can be found at <http://ope.ed.gov/security/>.

Designated Safety Personnel

SCC has several employees who serve as safety and security personnel and are responsible for overseeing and providing safety and security services. Lead administrative responsibility has been assigned to the Assistant Campus Directors (or designee) at each location for the following:

- enforcing institutional rules of conduct related to safety/security, and;
- referring potential or alleged violations of law to government authorities.

The designated safety personnel ([APPENDIX A](#)) maintain campus safety/security related documents, files, and materials; have a ["legitimate educational interest"](#) in reviewing student records/files; and are authorized to share security/safety-related materials with other College officials determined to have a [need to know](#) and with other outside third parties for purposes of safety, security and law enforcement.

Engagement with Local Law Enforcement

Local law enforcement officers may enter all campus locations to conduct official business as needed. Additionally, the officers may also patrol the campus, if requested, to assist SCC in deterring crime.

SCC Safety/Security Responsibilities

College safety/security personnel are responsible for maintaining a safe environment for students and to respond to reports of suspected criminal activities taking place on campus.

College safety/security personnel do not have arrest authority, but will call for local law enforcement assistance when needed.

Safety and security is the responsibility of everyone at all times. All college personnel have the authority to ask students to show valid identification (e.g., current student card, driver's license, state identification card) and to call 911 when they believe an emergency exists (i.e. crime, fire, medical, etc.) The jurisdiction of the campus security personnel extends to all campuses and learning centers. Depending on the seriousness of a given situation, jurisdiction could extend to off-campus locations.

Campus Security Authorities (CSAs)

Crime reports may also be made to designated [Campus Security Authorities \(CSAs\)](#). ([Appendix B](#).)

Reporting Criminal Actions or Crimes

SCC expects students, visitors and employees to promptly report suspected crimes or criminal activity, suspicious behavior, or other emergencies at any SCC location, college-sanctioned

event/organization, or off-campus crime involving an SCC student to local law enforcement by calling 911.

Complaints & Concerns Reporting (CCR)

SCC has established an incident reporting site, [Complaints & Concerns Reporting \(CCR\)](#). This website may be used by students, faculty and community members to submit secure and confidential reports about suspicious incidents on any College-owned or College-operated facility or at any College-sponsored event or activity, either on or off campus.

To report any suspicious activity contact SCC Safety & Security at 402-437-2800. Alternatively, complete a CCR report using this link. [Complaints & Concerns Reporting](#)

CCR is not an emergency reporting system. For medical emergencies or suspected crime, 911 should be called immediately.

Reports of suspected criminal activity on SCC campuses will be reviewed and evaluated by security personnel and campus administrators. Criminal activities will be referred to local law enforcement authorities or other state or federal agencies. Substantiated cases are adjudicated through either the city or county and/or through the College's disciplinary system.

SCC's Counseling Assistance Program for Students (CAPS)

The College provides a confidential resource to students through the [Counseling and Assistance Program for Students](#) (CAPS) for victims of sexual offenses and also partners with various community resources to provide information and assistance to members of the campus community.^{3,4} The CAPS program offers free and confidential counseling for SCC students. For additional information about these services, see [CAPS Additional Information](#)

Reporting Exemption

Under Title IX of the Education Amendments of 1972, [20 U.S.C.A §1681 et seq.](#), CAPS counselors are not required to report any information regarding an incident of alleged sexual violence to the Title IX coordinator or other appropriate school designee for inclusion in the Annual Security Report. The exemption from reporting obligations for pastoral and [Professional counselors](#) under Title IX is consistent with the Clery Act.

The CAPS counselors are encouraged to inform persons being counseled of SCC's procedures to report crimes on a voluntary basis for inclusion in the annual crime statistics.

³ For community and contact information, visit, [Are there Additional Resources? | Southeast Community College.](#)

⁴ Employees may avail themselves of a confidential resource as well, the Employee Assistance Program (EAP), which provides free counseling sessions.

Reporting Sex Crimes, Sexual Misconduct and Civil Rights Violations

Any member of the community, guest or visitor who believes that the SCC policy on Equal Opportunity, Harassment and Nondiscrimination ([College Handbook A-14](#) and [A-15](#)) has been violated,⁵ is expected to report the incident. *(The list of individuals to whom incidents may be reported is provided in [Appendix C](#)).*

Reporting Hate Crimes

If the facts of a reported crime indicate that the offender was motivated to commit the offense because of their bias against the victim's race, sexual orientation, etc., then the assault is also classified as a [hate crime](#), and must be reported as such.

Voluntary Confidential Reporting

Crime victims are not required to pursue action within the College or the criminal justice system. However, victims may still want to consider making a report. With permission, SCC safety personnel can file a report on the details of the incident or offense without revealing the identity of the victim. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.⁶

All reports are voluntary; however, no College employee can guarantee confidentiality or anonymity in every case.

If an individual reports a crime that involves an ongoing threat to safety, an alleged civil rights violation, or a discriminatory act, and asks that their name or other identifiable information not be revealed, the College will evaluate the request in the context of its responsibility to provide a safe and nondiscriminatory environment for all students and employees. The College will inform the complainant if it cannot ensure confidentiality or anonymity.⁷

Off-Campus Jurisdiction

In addition to conduct that occurs on College property or in connection with official College functions, SCC's [Student Code of Conduct policy](#) gives the college the discretion to exercise jurisdiction over an SCC student's off-campus behavior.

In determining whether to exercise off-campus jurisdiction, the College will consider:

- the seriousness of the alleged harm, (e.g., physical abuse, sexual harassment, stalking)

⁵ Violations include acts of sexual harassment, sexual assault, sexual exploitation, bullying or intimidation, stalking, indecent exposure, domestic or dating violence.

⁶ See [Appendix C](#), Reporting Sex Crimes, Sexual Misconduct, Civil Rights Violations and Hate Crimes for designated reporters.

⁷ Confidentiality cannot be guaranteed in incidents involving minors. SCC may be required to report incidents of sexual misconduct to state agencies and/or local law enforcement.

- the risk of harm involved, whether the complainant(s) are members of the campus community and/or
- whether the off-campus conduct is part of a series of actions which occurred both on and off campus.

Non-Emergency Notification

To report any safety or security hazards and concerns of a non-emergency nature, students, faculty and staff may contact physical plant staff or security personnel ([Appendix D](#)).

Emergency Notifications and Timely Warnings

Efforts are made to advise members of the SCC community of dangerous situations or significant emergencies that may cause an immediate threat to their health or safety. As appropriate, SCC will request the cooperation of law enforcement in the event a [timely warning](#) is warranted. (See *Law Enforcement Contacts* section of [Appendix A](#)).

Depending on the situation, the College will issue an [emergency notification](#), a [timely warning](#), a [security alert](#), or will announce a [major disruption](#) affecting the College and/or its operations. These notices will be issued as a “[Campus Timely Warning Notice](#)” or an “[Emergency Notification](#).” The College will use a combination of methods to provide notice. (See [Appendix E](#) for methods used.)

SCC has established procedures, outlined in its Safety Management Plan⁸, to immediately notify the College community unless the notification will, in the professional judgment of [responsible authorities](#), compromise efforts to assist victims or to respond to, or mitigate the emergency. Follow-up information will be posted periodically through the College Emergency Notification Systems.

The employees (or designees) responsible for initiating the emergency notification process are listed in [Appendix D](#).

Emergency Response and Evacuation Procedures

The SCC Safety Management Plan ([Appendix F](#)) is a resource for SCC employees, including Area and Campus Safety Team members. It includes appr emergency procedures for evacuation, shelter/severe weather, armed intruder, medical emergencies, etc.⁹

⁸ See [Emergency Response Procedures](#) in [Appendix F](#).

⁹ The plan does not cover every conceivable emergency, but supplies the basic administrative guidelines necessary to cope with most campus emergencies. All campus employees, especially those whose responsibilities and authority include the operational areas specified in the manual, must adhere to these guidelines.

Campus Safety and Security Website

The College also maintains a Campus Safety and Security website (<https://www.southeast.edu/campussafety/>) which details the mission and goals of the Safety and Security team, information about [emergency response procedures](#) for the SCC community to follow and links to pertinent safety and security resources.

Fire/Safety Drills

Drills are required to be held in student on-campus residence facilities. At this time, only the Beatrice and Milford campuses have residence halls.

Drills were held for both the Beatrice and Milford residence halls during the 2021 calendar year (see also the [Fire Statistics Report](#) section).¹⁰

SCC Campus Safety and Security Personnel are trained annually in incident command and responding to critical incidents on campus.

Informing Students and Employees about Safety and Security Procedures

Students and employees can find campus safety information at the public website, (<https://www.southeast.edu/campussafety/>) and also receive information via receipt of the Annual Notification.

In addition, students are informed of campus safety and security procedures through:

- New Student Orientation
- Evacuation Drills
- Campus Student Senate representation on Campus Safety Team
- Classroom announcements

Employees are informed of campus safety and security procedures through:

- New Employee Orientation
- Annual mandatory Safety Management Plan review and quiz
- Annual mandatory safety activities)
- Representation on Campus Safety Team

Standard Response Protocol

SCC's Safety Management Plan ([Appendix F](#)) outlines the College's response to an emergency and sets the standards for the creation of individual campus emergency plans. The College's

¹⁰ This information is maintained and retained by the appropriate Campus Safety and Security Coordinator/Specialist.

Standard Response Protocol (SRP) is based on four (4) actions: Lockout, Lockdown, Evacuate, and Shelter. In the event of an emergency, the action and appropriate direction will be part of the timely notification process.

Standard Response Protocol posters (Appendix F, Section D-2), are found in all campus classrooms, residential halls, learning resource centers, and other open areas as well as at the safety and security website. These posters outline what to do in case of a variety of emergencies.

Employees are expected to be familiar with:

- The contents of the SCC Safety Management Plan, including basic emergency response procedures outlined therein.
- The location of emergency shelters on their home campus.
- The location of emergency exits, evacuation routes and locations of campus emergency gathering locations.
- The location of, and proper use of basic emergency tools (fire alarm pull stations, emergency exits and alternate emergency exits, fire extinguishers, AED units, and the number to their home campus Switchboard).
- How to protect themselves from injury while taking shelter or evacuating the building.

Active Shooter or Active Threat on Campus

If an Active Shooter or Active Threat exists on campus, the Campus Emergency Notification System will announce the presence of the danger on campus. Faculty and staff will direct all students to take shelter or evacuate the area, based on the location and imminence of the threat. SCC's protocol for an active shooter is modeled on the video Run, Hide, Fight¹¹ - (Appendix F).

Off-Campus Threat

An announcement will be made through the Campus Emergency Notification System alerting students and staff of the off-campus threat (*not posing an immediate threat*). Campus administrators will make every effort to "Lockdown" the campus, to prevent the threat from reaching the campus buildings.

Tornado, Severe Weather Warning

Severe weather warnings are automatically initiated by the National Weather Service through Regroup®. The Campus Director or Assistant Campus Director approves the release of a Weather Alert Notification.

¹¹ See the video at <https://bit.ly/3xLCNbC>, for a description of the SRP protocol. The video seems to run best in Chrome.

When the threat of severe weather or tornado has ended, campus administrators will use the Campus Emergency Notification System that the “all clear” has been issued or that the [tornado warning](#) has expired or has been lifted.¹²

Security and Access to Campus Facilities

Admittance to Residence Hall

On the Beatrice and Milford campuses, students must be enrolled full-time in a program of study to be admitted to the residence halls, which are keycard access only. Part-time students may have access with the permission of the Dean of Students. For more information, see the [Residence Life Handbook](#).

Video Monitoring

Video monitoring is installed at strategic locations at all College campuses and locations. Specific buildings have cameras focused on areas of higher risk. Designated college administrators or designees manage the recording, storage and potential sharing of all video monitoring conducted at SCC locations.

Facilities and Landscape Maintenance

Facilities and landscaping are maintained in a manner that minimizes hazardous conditions. Physical Plant as well as Safety and Security staff regularly patrol the campus and report potentially unsafe physical conditions to plant operations for correction.

Any member of the College community may report any facility-related safety concerns.

¹² See Appendix D for SCC staff who monitor radios and who they will notify in severe weather situations.

Chapter 2

SCC Policies, Procedures, Prevention Programs and Resources

Drug, Alcohol and Controlled Substance Policy

Southeast Community College prohibits the unlawful possession, use, manufacture, purchase, or distribution of alcohol or drugs, or any attempt thereof, by students or by employees on its property or as part of its activities. The College's full drug, [alcohol](#) and [controlled substance](#) policy is articulated in sections [E-2i\(1\)](#) and [E-2i\(2\)](#) of the College Policy handbook.

The College also provides information to students, prospective students and the public about its policies, prevention programs and disciplinary options at <https://www.southeast.edu/drug-alcohol-and-controlled-substance-policy/>.

Students, employees or visitors who violate federal or state laws about the possession, use or sale of drugs or alcohol are subject to criminal prosecution and will be referred by the College to the appropriate authorities for potential prosecution.¹³ Disciplinary action will be fully documented and specific to the situation, class, course, or program. The College will attempt to handle each situation at the lowest level of intervention possible.¹⁴

Student Educational and Disciplinary Sanctions

Information regarding student educational and disciplinary sanctions for alcohol and drug violations is included in the [SCC Student Code of Conduct](#), and its [Drug-Free Schools and Communities Act](#) brochure. Students accused of violating the drug/alcohol policy shall have the right to respond through the appeals process outlined in the Student Code of Conduct.¹⁵

¹³ The SCC Student Code of Conduct includes an amnesty policy, which states the following: "...any College student who brings their own use, addiction, or dependency to the attention of College officials independent of the threat of drug tests or conduct sanctions and seeks assistance; a conduct complaint will not be pursued. A written action plan may be used to track cooperation with the assistance plan by the student. Failure to follow the action plan may nullify the amnesty protection and campus conduct processes may be initiated."

¹⁴ Information regarding the federal penalties and sanctions may be found at: <https://www.getsmartaboutdrugs.gov/sites/default/files/publications/Drugs%20of%20Abuse%202020-Web%20Version-508%20compliant-4-24-20.pdf>. Relevant Nebraska laws pertaining to drugs and alcohol may be found at: <https://nebraskalegislature.gov/laws/statutes.php?statute=28-416>.

¹⁵ The Campus Dean of Students will investigate suspected or alleged violations of College policies regarding prohibited use of alcohol and drugs by students. Sanctions may include disciplinary action against a student, up to and including expulsion and referral for criminal prosecution

Employee Disciplinary Sanctions

For employees, the disciplinary sanctions for alcohol and drug violations are found in section [E2i\(1\)](#) of the College Policy Handbook. Other actions that may be taken are outlined at <https://www.southeast.edu/drug-alcohol-and-controlled-substance-policy/>.¹⁶

SCC Alcohol and Drug Prevention Programing

SCC has implemented the evidence-based program, Year One College Behavior Profile program (Y1CBP) as part of its alcohol and drug prevention programing for its campus communities. Find information about the College's [Prevention Programs and Education](#) on the program's webpage.

Fall 2021 marked the third year of the Y1CBP prevention module completed by 461 first-year students, with an average age of 22.48 (275 women and 186 Men; 417 NE residents, 44 non-residents. All new students were given the opportunity to complete the assessment as an assignment in New Student Orientation

Data from the Y1CBP indicates:

- 46.9% of SCC entering students reported being abstainers in 2021, which was a bit lower than the previous two years. Of SCC entering students,
- 19.5% reported binge drinking in the past year, which was higher than the previous two years,
- SCC entering students (n=216 drinkers) reported drinking about 3.3 drinks per drinking occasion,
- SCC students (n=461) thought that their peers consumed 6.8 drinks per occasion,
- Just 1.9% of SCC students reported drinking and driving in the past 30 days; this was lower than previous years,
- SCC students believed the majority of their peers (3 out of 4) thought something should be done if someone was being taken advantage of sexually (85%) or taking sexual advantage of another person (87%),
- SCC students thought that about half of their peers disapproved of drinking so much that one gets sick (45%), one cannot remember part of the previous evening (47%), and one gets into situations that may be regretted later (52%). The percentages looked a bit higher than those in previous years,
- About 13% of SCC entering students used marijuana last year. Among those who didn't use marijuana last year, 13% reported having ever used marijuana,

¹⁶ The Human Resources Office will investigate suspected/alleged violations of College policies regarding prohibited use of alcohol and drugs by employees. Sanctions may include disciplinary action against an employee, up to and including termination and referral for criminal prosecution.

- Of the students who report using marijuana (n=59), 36% are either currently trying to change, ready to change, or thinking about changing their marijuana use

The data suggests:

- A need to provide programming and counseling for students having problems and not relying on interventions designed to reduce consumption as these may not be enough
- Social norms marketing to entering students may be a desirable strategy and that social norms messages in the Y1CBP are an important feedback tool for addressing misperceptions.

Alcohol and Drug Education Assistance and Resources

The SCC Counseling Assistance Program (CAPS) provides students with access to counseling and referrals free of charge through a partnership with masters-level counseling students from area universities.¹⁷ Additional information is available at each campus' Student Engagement Office. The College provides information about area alcohol and drug assistance resources at [Alcohol and Drug Education Assistance and Resources | Southeast Community College](#)

Prevention Programs and Resources

SCC has developed programs and resources ([Appendix G](#)) to prevent the illicit use of drugs and the abuse of alcohol by students and employees.

Biennial Review

As a condition of receiving federal funding, colleges are required to not only implement a drug prevention program, but to also conduct a biennial review of the program to:

- determine the program's effectiveness,
- implement changes and
- ensure disciplinary sanctions are consistently enforced.

The College's most recent Biennial Review report is located [at Drug-Free Schools and Campuses Regulations \[Edgar Part 86\] Biennial Review: Academic Years 2014-2015 & 2015-2016 \(southeast.edu\)](#).

This biennial report details specific activities and programs conducted by Student Life and Residence Life to involve the students in Alcohol and Drug Prevention Education. In addition to the activities noted in the report, activities conducted since publication of the Biennial Review are detailed below.

¹⁷ While counseling is not a required sanction, students who are exhibiting problematic behavior related to drug and alcohol use are referred to not only community resources but on-campus mental health services as well.

Continuous Program Improvement

The Dean of Student Accountability, the Counseling Assistance Program, and the Director of Engagement and Enrichment are responsible for planning and implementing prevention programming across all of SCC's campuses. The Year One College Behavioral Profile and College Behavioral Profile administrator is the Dean of Student Accountability.

¹⁸ National Institute on Alcohol Abuse and Alcoholism

Sexual Harassment/Violence Education Activities

The College provides information and activities throughout the academic year to educate students about healthy vs unhealthy relationships and consent. SCC's New Student Orientation provides information about Title IX – specifically as it applies to sexual harassment, sexual misconduct, and bystander intervention practices.

Title IX, Campus SaVE Act

As a recipient of federal financial assistance, [Title IX of the Education Amendments of 1972](#) applies to SCC. [Title IX](#) applies equally to students, college employees, and nonemployee third parties.

SCC does not condone gender-based misconduct.

When an allegation of misconduct is brought to an appropriate administrator's attention, and a respondent is found to have violated the College policy prohibiting discriminatory harassment, ([Policy E-3f\(1\)](#)), serious sanctions will be used to reasonably ensure that such actions are not repeated.

For definitions and discussion of what constitutes sexual misconduct and definitions from the Revised Statutes of Nebraska, see, "[What You Should Know About Consent and Other Forms of Sexual Misconduct](#)," at the SCC Title IX website, or see "[A Quick Guide to Title IX](#)" for College policy and community resources.

Reporting an Incident of Sexual Misconduct

The reporting of sexual misconduct encompasses incidents that occur both on and off campus when it involves a Southeast Community College student and when the conduct negatively affects the victim's school experience or overall school environment. Any behavior, which results in the sexual abuse/assault of another person, will not be tolerated and is a violation of the College's Code of Conduct.

Rights and Options

If a student or employee reports to SCC they have been a victim of dating violence, domestic violence, sexual assault or stalking, either on or off campus, SCC will provide them with a written explanation of their rights and options. ¹⁹ Reporting options are discussed in more detail in SCC's publication, [Southeast Community College Sexual & Relationship Violence Rights & Reporting Options](#). All reports will be taken seriously.

SCC Safety Personnel can assist in filing a criminal complaint and in obtaining and enforcing a court order of protection. Individuals unsure about filing a complaint, can also be assisted.

¹⁹ The College strongly encourages any person subjected to sexual misconduct to also report the conduct to law enforcement and to the College's Title IX office.

Safety Personnel can take to actions on the individual's behalf, including assisting in making changes to academic, living, transportation and working situations, and protective measures, such as no-contact orders.

Options for Reporting

There are several reporting options available.

Anonymous Reporting

A report may be filed anonymously. However, reporting anonymously may limit the College's ability to conduct a full investigation and act. Anonymous reporting may be done through the College's Complaints & Concerns Reporting (CCR) system.²⁰

Concerns expressed which contain potential sexual misconduct allegations will be investigated by the Title IX Coordinator and/or designee. CCR should not be used to report an immediate threat to life or property which should be reported to law enforcement by calling 911.

Contact a Responsible Employee

Responsible employees²¹ are individuals working at SCC who have an obligation to inform the Title IX Coordinator of allegations of sex discrimination or sexual misconduct.

Responsible Employees cannot keep concerns confidential. Concerns will be reported, and the College will follow up.

The College can only act on those activities that it is aware of. Incidents, (including complaints against third parties who are not students or employees of the College), must be reported to one of the following: a Responsible Employee, Campus Safety and Security Specialist, Campus Security Authority, or the Title IX Coordinator. Each campus has identified individuals who can assist the individual making the report. (See [Appendix C](#)).

Other Reporting Options:

- Initiating institutional actions but not pursuing formal criminal action through a local law enforcement agency.
- Declining to pursue any institutional action, but pursue criminal action or make a report to law enforcement.
- File a Title IX Complaint with the Office of Civil Rights.²²

²⁰ The CCR link may be found on the Safety and Security page on the college's website: <https://www.southeast.edu/campussafety/>.

²¹ Faculty, staff, and student employees (including RAs) are considered mandatory reporters (Responsible Employees).

²² The Office for Civil Rights (OCR) of the U.S. Department of Education enforces Title IX. <http://www2.ed.gov/about/offices/list/ocr/complaintprocess.html>.

Retaliation

Retaliation against an individual who files a complaint, or who otherwise participates in an investigation, is prohibited. The college will follow up on any reports of retaliation and take appropriate action.

Complaint and Investigation Procedures of Sexual Misconduct

SCC follows the College's Student Code of Conduct process, in investigating all allegations of sexual misconduct with one exception: *Committee members who conduct sexual misconduct hearings have participated annually in training covering Title IX issues related to dating and domestic violence; sexual assault, and stalking; and the processes for conducting investigations and hearings.*

Sexual Assault Education and Prevention

The College has awareness and prevention programs designed to provide education about sex offenses, prevention of sexual assault and personal safety issues available to students and employees.²³

Students are informed about SCC's policies and prevention and awareness programming through:

- New Student Orientation
- On-Campus Activities posted on electronic signs, fliers on campus, the HUB and web notices
- Student Senate reports
- Annual Notification

Employees are made aware of SCC's policies, prevention and awareness programming through:

- New Employee Orientation
- Professional development and educational opportunities, both on-campus and electronically through webinars and online training programs
- Annual notification

Annually, employees are expected to complete an online training program from a third-party vendor. The program covers issues of discrimination, harassment, and issue of sexual harassment in higher education.

²³ The College assesses and updates its alcohol and other drug and sexual misconduct awareness and prevention training programming to ensure the programs uses current and relevant evidence-based practices.

Sex Offender Registry

The Nebraska Sex Offender Registration Act ([Neb. Rev. Statute 29-4001-29-4115](#)) requires sex offenders to register with local law enforcement officials. Registry information is available to the public on the Nebraska State Patrol's website: <https://sor.nebraska.gov/>. [SCC Policy E-2j](#): places [certain restrictions](#) on registered sex offenders and requires they report to the Dean of Students Office each term they are enrolled in classes.

Other SCC Policies and Programs Affecting Safety

Residence Life

The college has housing facilities available for up to 670 students in six total residence halls on the Beatrice and Milford Campuses. There is one off-campus housing facility in Beatrice, Carter Hall. Information about living on campus at SCC is available at <https://www.southeast.edu/livingoncampus/> Detailed information is available in the [Housing Handbook](#).

Residence Hall Staff

At each SCC campus that offers on campus living, there is a Residence Life Manager that is responsible for the operation of the residence halls. All Residence Life Managers, Assistant Residence Life Managers and Resident Assistants live on campus and oversee all aspects of residence life.

Residence Hall Security and Guests

Safety and security in the residence halls is established to ensure a safe environment for all.²⁴ All doors are locked 24 hours a day. Residents are issued keycards/FOBs that allow entry. Emergency exit doors are alarmed and may only be opened from the inside without a key.

Residents are permitted overnight guests (of the same gender), but permission of all roommates is required. Overnight guests are limited to no more than two nights per term. The behavior of the guest is the responsibility of the host student.

If alcohol or alcohol containers are present in a room, all the residents and SCC students found in the room are responsible for the policy violation including fines, sanctions and housing probation ([Residence Life Handbook](#)). Alcohol will be disposed of by Residence Life and/or Safety and Security Staff. Incidents will be documented, and the student will be subject to disciplinary action. Eviction can result from such incidents, even if it is a first offense.

These procedures also apply to guests of residents.

All students who violate the alcohol and drug use guidelines in the Southeast Community College [Standards of Conduct](#) must complete 10 hours of community service OR an agreed-upon educational program and the College Behavior Profile controlled substances survey and discuss it with a designated administrative person on their home campus. This is considered a sanction and must be completed as a condition of disciplinary probation.

Crime Reporting and Annual Statistics

Crime statistics provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ([20 U.S.C., §1092](#)) are compiled and released annually by the Southeast Community College Safety and Security Office.

The chart totals at the end of this Annual Security Report represent the compilation of all designated Clery Act crimes reported to campus officials and Campus Security Authorities ([CSAs](#)). Included in this report are statistics and data received from law enforcement agencies within SCC's Clery Geography outside of the main campus.

[CSAs](#) are required to provide to the SCC Safety and Security Office any information brought to their attention regarding any Clery Act reportable crime.²⁸

The SCC Safety and Security Office completes an annual process of property identification, determination of law enforcement jurisdiction, request for Clery Act crime statistics, and follow-up contact to ensure a reasonable, [good-faith](#) effort is completed in the collection of required statistics. This same process is also conducted with the local law enforcement agency that has jurisdictional control over public areas adjoining SCC campuses.

²⁸ This information may be brought to the attention of the CSA by a victim, witness, other third party or the offender. If the CSA believes the information was provided in good faith, the CSA must report the information to campus safety administrators.

SCC Geography and Crime Statistics for 2018, 2019, 2020

Learning Centers

To serve the 15-county service area better, Southeast Community College opened six Learning Centers located in Falls City, Hebron, Nebraska City, Plattsmouth, Wahoo and York. The location of the Learning Centers is geographically distributed across the service area to maximize the number of individuals living within a 35-mile radius from the centers. Programming at each center is determined by industry and community needs and includes both credit and non-credit courses.

The Learning Centers are supervised on-site by a dedicated coordinator with shared administration by primary campus personnel. SCC Safety and Security personnel share responsibility for providing security services to the Learning Centers. Local law enforcement also responds to requests for emergency and non-emergency requests for police services. Crime statistics compiled for each Learning Center are all crimes reported to the Campus Security Authorities and local law enforcement. The crime statistics compiled are those that are reported to have occurred within the campus boundaries. The Learning Centers do not have any on-campus housing.

Chapter 4

Campus Fire Safety Report

Campus Fire Safety Annual Compliance Report

The Higher Education Opportunity Act (HEOA),²⁹ requires all institutions of higher education that provide residential housing facilities for students to develop an annual fire safety report. Contents of this report reflect the requirements outlined in the HEOA. The Beatrice and Milford campus fire safety program includes:

- Fire prevention policies and practices (Residence Life Handbook)
- Fire safety educational and training initiatives,
- Description of fire protection equipment
- Description of evacuation procedures
- Fire safety statistics
- Proposed plans for future improvements to the campus fire safety program.

The campus fire safety program is administered and maintained by the Southeast Community College Safety and Security Office and its staff. This public disclosure is intended to inform current and prospective students and employees of the fire safety programs and policies in place at SCC, and SCC's state of readiness to detect and respond appropriately to fire-related emergencies.³⁰

Program Objectives

The objective of the campus fire safety program is to recognize hazardous conditions and act before such conditions result in a fire emergency. This goal is accomplished by:

- Conducting periodic review and update of fire prevention policies.
- Conducting regularly scheduled fire drills in SCC-owned residence halls and college buildings.
- Promoting fire safety awareness by conducting regularly scheduled training programs on fire prevention and emergency evacuation procedures.³¹
- Inspecting, testing and maintaining fire protection systems in accordance with National Fire Protection Association (NFPA) standards

²⁹ Public Law 110-315

³⁰ Hard copies of the report are available for public review by contacting the Campus Dean of Students or by visiting the campus office Monday through Friday, 8:00 a.m. to 5:00 p.m. excluding holidays.

³¹ Described in Appendix F §D-5

SCC ANNUAL SAFETY, SECURITY AND CRIME/FIRE STATISTICS

- Performing plan review and code consultation related to current capital improvement and remodeling projects.
- Mitigating fire hazards utilizing the information provided from regularly scheduled fire safety inspections performed by SCC and SCC's property insurance loss control consultant and fire protection consultants.

Residence Halls Fire Prevention Policies and Procedures

Several fire prevention policies and procedures have been developed and implemented in an effort to complement the program objectives. The SCC Safety Management Plan served as a guide during the development of these policies. Detailed information about what to do in case of a fire emergency can be found in the Campus Safety Manual or in [Residence Life Handbook](#).

SCC houses students in six total residence halls on the Beatrice and Milford campuses. Detailed information regarding Residence Hall policies and procedures can be found in the online [Residence Life Handbook](#).

Residence Hall Fire Safety-Related Rules

Fire Safety Systems

Fire safety systems and equipment includes, but is not limited to, smoke/heat detectors, sprinkler heads, fire extinguishers, pull stations, alarm panels, and exterior doors. Tampering with fire safety equipment is a serious offense and may be grounds for dismissal from student housing.

Fire Safety Education and Training Initiatives

All Residence Life Staff receive fire safety training prior to the start of every fall semester. Topics include a review of the fire prevention policies, weather safety and [emergency evacuation procedures](#). In addition, each apartment/hall has emergency evacuation maps posted which direct occupants to primary and secondary exits. Fire drills are conducted annually in coordination with the campus Safety and Security Coordinator/Specialist. Fire safety training programs are also provided to other students, staff and faculty on-campus by request. This program typically consists of a brief review of fire prevention policies and evacuation procedures.

The Beatrice and Milford Campus Residence hall held the following fire drills on their respective campuses.

Beatrice:

Drills were held in the on-campus residence halls on September 23, 2021.

Appendix E - Notifications Methods

Method	Description
SCC Regroup Alert (Text and Email)	Regroup is an automated text messaging service sponsored by SCC. It can also deliver an e-mail message. All students are enrolled in email notifications; however, students and staff must sign up for the text messaging feature through https://southeast.regroup.com/signup
Alertus Desktop Notification	Alertus is a notification system that allows campus security personnel to send a notification that takes over all college computers with important safety information.
Public Address System (PA)	Emergency alerts will be sounded in all main campus buildings through an audible system located in the classrooms and offices and on some campuses, the hallways. These alerts will advise of the situation and how to respond
SCC Home Page (www.southeast.edu)	An alert banner and link to emergency information will appear on the front page of SCC's website.
SCC Intranet/Portal (https://thehub.southeast.edu)	An alert banner and link to emergency information will appear on the front page of The Hub.
Media Outlets	The College will use local media to inform the community of an emergency situation as needed.
Social Media	The College will use Facebook and Twitter to inform followers of an emergency when appropriate.

Section – D Emergency Response Procedures

D-1 Calling 911

All SCC Employees Have the authority and responsibility to Call 911 In an Emergency

It is the responsibility of every SCC employee to notify local law enforcement when a criminal act occurs or emergency response personnel are needed.

- It is not necessary to contact a supervisor prior to making an emergency call.
- If an employee believes 911 should be called, don't hesitate.
- It is not necessary for the employee to contact 911 if there was a previous call, or if the situation was resolved by campus administrators.

The College requires employees to call 911 if there are concerns that a person is ill or injured and needs immediate or emergency medical attention.

- If the ill or injured person does not want treatment from emergency personnel, they can refuse the service when the responding emergency team arrives.

911 “Call Pick-Up” Employee Phone

D-3 Run – Hide – Fight

An Active Shooter or Active Threat is defined as an individual actively attempting to injure or cause harm to people in a confined and populated area with no typical pattern or method to their selection of victims.

VIDEO: Run, Hide, Fight - <https://bit.ly/3xLCNbC>³²

Run – Evacuate

- Employees are encouraged to evacuate, or flee (if possible) the active threat posed by an armed assailant.
 - If possible, use routes that prevent you from being exposed to unnecessary danger.
 - Evacuate to a location that provides the most protection, cover, or concealment from the intruder.

Hide – Lockout

- If evacuating the area is not a safe option, employees are encouraged to hide in a location that provides concealment and protection from the intruder.
 - Stay calm and remain quiet. Lock all interior doors in your area, if possible.
 - Move away from doors and windows.
 - Turn off the classroom or office area lighting.
 - Turn cell phones to silent or off to limit unnecessary noise. ○ Evacuate to a safer location as soon as it is safely possible.

Fight

- If the intruder poses a lethal threat and the intruder enters the area where you are hiding, and if you feel your life or the life of others is in danger, employees may choose to use physical force to distract, disorient, disarm, or incapacitate the intruder.

Off-Campus Threat: A situation off-campus that does not pose an immediate threat.

An announcement will be made through the Campus Emergency Notification System alerting students and staff of the off-campus threat. Students and staff should continue with their normal classroom and office activities until further instructions are given.

In the event of a known or perceived off-campus threat in close proximity to the campus, campus administrators will make every effort to “Lockdown” the campus, to prevent the

threat from accessing the campus buildings.

D-4 Campus Emergency Notification

During an emergency or in the presence of an imminent threat to any SCC Campus, the Campus Emergency Notification System will be used to announce to employees, students, and visitors the existence of an emergency or threat and provide instructions, directions, and response. Mass communication alerts will be issued by a responsible administrator.

Southeast Community College uses various emergency notification systems, each initiated by an administrator:

1. Emergency Telephone Broadcast Speaker System – Campus Paging System
 - This system allows campus officials to notify SCC employees of an emergency through designated Campus telephone intercom systems.

2. Overhead Broadcast Notification System – Camps Public Address System
 - This system is used on the Lincoln and Beatrice campuses and allows campus officials to notify SCC employees of an emergency through an overhead speaker or Public Announcement – Public Broadcast system.

3. SCC Emergency Messaging System 
 - This system delivers email and /or text messages to the faculty, staff, and students during emergencies.
 - Students and employees may gain access to this system by visiting - <https://thehub.southeast.edu>

4. ALERTUS Desktop Notification System
 - Alertus Desktop Notification captures the attention of computer users on the SCC Network.
 - When an emergency occurs and the warning is activated, a screen alert will appear on all computers being used on the network. The alert will *override* sleeping computers, waking them to display the notification.

Severe Weather Alerts

- WARNINGS – severe weather warnings are automatically initiated by the National Weather Service through Regroup. The list of automatic warnings is approved by the Administrative Team.
- Weather status is a cooperative effort involving the Campus Directors, Assistant

SCC ANNUAL SAFETY, SECURITY AND CRIME/FIRE STATISTICS

Campus Directors, Safety & Security Staff and the Physical Plant Superintendents. The decision to dispatch a Weather Alert Notification through Regroup is per the approval of the Campus Director or Assistant Campus Director.

- Severe Weather “ALL CLEAR” When the threat of severe weather or tornado has ended, campus administrators will use the Campus Emergency Notification System(s) to issue an “ALL CLEAR” advising the tornado warning has expired. Notification to occupants of Resident Halls will be disseminated through the Resident Hall Manager, Assistant Manager or designee.

D-5 Emergency Evacuation Procedures

General Procedures

- Treat every alarm, siren, or official announcement as a real event.
- Authorized personnel are Fire and Rescue personnel, Law Enforcement personnel, or campus administrators.
- If you hear an alarm or you are directed to evacuate any campus facility, building, or work area:
 - Move quickly to the nearest exit.
 - Do Not Run.
- If an exit is blocked, move quickly to an alternate exit close to your location.
- If smoke is present in your evacuation route, use an alternate way out. However, if the only available escape route requires you to pass through smoke, get low and go under the smoke.
- Move away from the building and to the designated emergency gathering area; always move upwind (away) from any fire, smoke, leak, or spill.
- The emergency gathering area should be:
 - A safe distance from the hazard source.
 - Upwind from the hazard source.
 - Located behind protective cover to shelter from hazards or flying debris.
- The emergency gathering area is a safe location for students and employees to congregate pending the resolution of the emergency and established by campus administrators or emergency personnel based on managing the needs of the situation or emergency.
- Do not use elevators, even if the elevator seems to be working properly.
- If time permits and it is safe, take your personal belongings (keys, wallets, etc.)

SCC ANNUAL SAFETY, SECURITY AND CRIME/FIRE STATISTICS

with you, but do not waste time searching for missing items.

- Secure any hazardous materials or equipment before leaving the area, if time permits.
- Assist moving any mobility impaired person to a safe location. If you are unable to assist, notify emergency responders of the location and number of persons needing assistance located in your area. Some campuses or locations provide approved lift chairs for safe evacuation of persons from buildings with multiple levels. Only trained responders are authorized to use the lift chairs.
- Do not return to the building unless you are told to do so by the Campus Director, designee or authorized emergency personnel.

In the event of an emergency when a facility or building evacuation has taken place, do not leave the campus unless you are authorized or approved. Accountability rosters will be completed to account for all employees, students and visitors.
