

Printer Supplies and Service

While SCC Information Technology is responsible for Printer connectivity, we have contracted with outside suppliers for direct service and supplies, typically handled by Staff/Faculty in the area the printers are located.

If your printer has the
PRINT IMAGE SOLUTIONS
label, supplies are auto-shipped when they run low.

If you need Service, call 800-737-7075 or email
service@printimagesolutions.com

Canon Solutions America label

If your Printer/Copier has this Canon Solutions America label, you can request Printer Service by calling the 800 number, please have the Serial# and Model# available.
