

FOREIGN HIGH SCHOOL, COLLEGE TRANSCRIPT, AND TRANSFER CREDIT EVALUATION

Students who have earned or completed high school, college or university course work at an institution in a country other than the United States must obtain a complete evaluation of foreign high school diplomas/transcripts, college degrees/transcripts, and/or other relevant documents. A foreign transcript evaluation is required any time foreign course work is used to meet eligibility for Federal Student Aid, even if the foreign transcript has previously been accepted by a different college or university in the United States.

SCC does not offer a transcript evaluation service. It is the responsibility of the student to have the transcript evaluated by an outside degree evaluation service. A written equivalency report, sent to the Financial Aid Office from the degree evaluation service, must be provided to SCC before the student's eligibility for financial aid can be determined.

The following institutions provide foreign transcript evaluation services and charge a fee. **The cost of the evaluation must be paid by the student.** The college does not promote or approve any of these agencies. This is provided only as a possible source.
