

Title IV Certificate – Student has not earned a Higher Degree

Name: _____

SCC Student ID#: _____

Before SCC can offer you any financial aid award for the certificate program you are enrolled in, we need to know if you have not earned an Associate's degree or higher. Students who have earned an Associates or higher are not eligible for Title IV Federal Student Aid for the certificate program. In order to determine if you are eligible for federal student aid for the certificate program, please complete and submit this completed form to the SCC financial aid office.

Definition of higher degree: For the purposes of certificate programs, a "higher degree" is an Associate's Degree or higher (Bachelor's, Master's, Graduate, or other degree). Other certificate or diploma credentials are not included in this definition.

I certify that I have not previously earned a higher degree as defined above.

I understand that in order to receive TIV for a certificate level program at Southeast Community College, I cannot have earned a higher degree, and I must be enrolled in an eligible certificate program.

I understand that failure to report a previously earned higher degree may result in corrective action and a return of federal funds.

Student Intent:

I verify that I have not earned an Associate's degree or higher.

I verify that I have earned an Associate's degree of higher. I have earned an _____ degree

at _____ Institution.

Student Signature: _____ Date: _____

E-signatures will NOT be accepted
